

“There are four kinds of people in the world: those who have been caregivers, those who are currently caregivers, those who will be caregivers and those who will need caregivers.” Rosalyn Carter

According to Today's Caregiver Magazine, "54 million Americans care for a family member and 20-50% of employees tend to a loved one before and after working full time".

Caregivers are special people who give their time and efforts to care for those unable to care for themselves. They are our friends, neighbors, coworkers, and they live quietly among us, often with no support or recognition for what they do.

Help support the caregivers working and living in our community by encouraging them to attend the Silver Summit Program on Saturday, November 4, 2006 at the John Q. Hammons Convention Center in Rogers, Arkansas for one or more of these informative caregiver sessions.
