The Schmieding Center for Senior Health and Education is a non-profit organization. As such, we recognize that community non-profit organizations and social groups serve the public good and cannot always afford to pay the same exhibitor fees as for-profit organizations. The mission of the Silver Summit program is to educate the public on issues related to aging successfully and to facilitate the exchange of information about programs, products and services and are helpful for older adults and their families.

In an effort to provide this information to the public the Schmieding Center for Senior Health and Education is accepting a limited number of applications for exhibit space from non-profit organizations for the Silver Summit Event.

Non-profit organizations and social groups that encourage active living and education are encouraged to apply. A completed application does not guarantee a table.
